

**BIO-
COMPATIBILITY
ACCORDING TO
ISO 10993**

→ BIOCOMPATIBILITY ACCORDING TO ISO 10993 - ENGINEERED BEARING SOLUTIONS FOR MEDICAL TECHNOLOGY

Rely on GRW's proven expertise and understanding in biocompatible ball bearing materials:

- Application-specific selection of bearing materials, cage materials and lubricants supporting ISO 10993 biological evaluation
- Corrosion- and media-resistant ball bearing materials
- Documentation available to support ISO 10993 assessments
- Complete material traceability and quality assurance
- Controlled cleanliness throughout the manufacturing process

* Compliance with the requirements of the DIN EN ISO 10993 standard has been confirmed and approved by an independent and accredited testing laboratory.
